

Annet

### 7. We held an all day celebration to honor New Hope Founder Annet Kayongo.

A large event was held at Believer's Church connected to New Hope for Africa School. It included a big lineup of speakers, children's songs, dances and an auction. Annet's life as a champion for children was highlighted with great affection.

Godfrey, Annet's husband, told the story of how Annet first came to him with her ideas. Lydia spoke from the heart about her mother, and Gretchen was invited to speak on behalf of our child sponsors and supporters. What an honor!

Annet's husband Godfrey

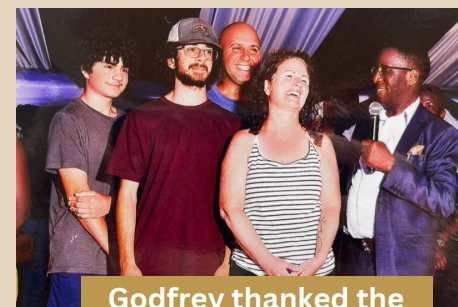

CELEBRATING Her Legacy Of: **FAITH, Education Hope**

Students of all ages gave song & dance performances.

Children sang with affection for "Mummy Kayongo". Gretchen and Lydia spoke in honor of Annet too.

Godfrey thanked the Whebbe family.

**We thank the Lord Jesus Christ ... our Living Hope.**

# 360 VISION FOR AFRICA

360visionforafrica.org

Bringing HOPE ... One Child at a Time  
Working on behalf of New Hope for Africa Orphanage & School in Uganda

## Mission accomplished ... we made it to Uganda!

In John 1:1 we see the significance of John having seen Christ with his own eyes, "That which was from the beginning, which we have heard, which we have seen with our eyes, which we have looked at and our hands have touched--this we proclaim concerning the Word of life." Nothing is as significant as that revelation!

And, because of Christ and His provision, we were given the opportunity in August to travel to New Hope for Africa in Uganda to "see it with our own eyes". What was the result?

**We can say with confidence that your investment in New Hope's children is bringing real help and hope! Thank you for your prayers and your generosity!**

**Inside this issue, you'll see photos and details of what you helped accomplish.**

Roger's wife Grace and daughters Savanagh and Brianna joined the team too.

Girls' dorm

We purchased new mattresses.

Typical classroom

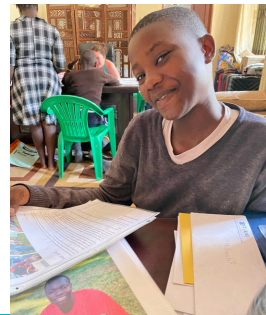

Children are eager to learn.

## What did our team accomplish with YOUR help?

Children received letters and wrote back.

Children were fascinated with "mzungus"!

"Blessing" loved Bob.

### 1. Time was given to meet each sponsored child. This was the highlight!

Children LOVED receiving your letters and photos. These students were delightful. Sometimes shy yet eager to meet us; they were smart, respectful, friendly, and filled with smiles and gratitude!

In need of shoes!

Daniella's shoes fit!

Lots of happy kids!

Teachers were excited!

### 2. Children received your donations.

We brought about 75 pairs of shoes and a container of deflated soccer balls and other sports. The fitness teachers were thrilled to receive soccer balls and more. Lots of excitement!

**The administrative staff, teachers, cooks and grounds crew work hard for the 600+ children. Still, the needs are significant. Watch for our November letter that will outline priorities based on a site assessment. With your continued help, the children will thrive!**

### 3. A site assessment was completed and needed items were purchased in Uganda.

Because you gave generously, we were able to immediately purchase needed items before we left Uganda!

- 47 mattresses, 71 blankets, 76 sheets, 6 buckets and 14 underwear for children - \$1,903
- Boys' bathroom was in need of a major update - \$1,984
- Nursery's swing set and monkey bars needed repair - \$120
- Classroom supplies requested - \$121
- TV for the girls' dorm

### 4. Your investment in a computer lab is strengthening academic performance.

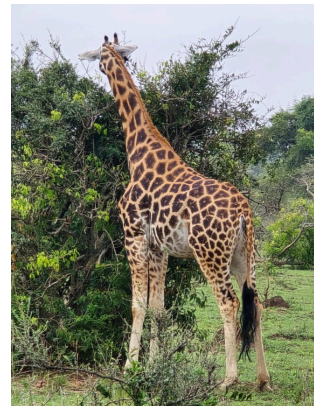

This room was renovated and 30 computers were purchased and installed 3 years ago with 360 Vision support from YOU, our donors. It was great to see! Still, functionality issues have arisen. Roger recommends that we invest in a maintenance contract.

Roger is working on lab enhancements.

### 5. The bore hole water improvement project is vital but still pending as we seek the right contractor and additional funds.

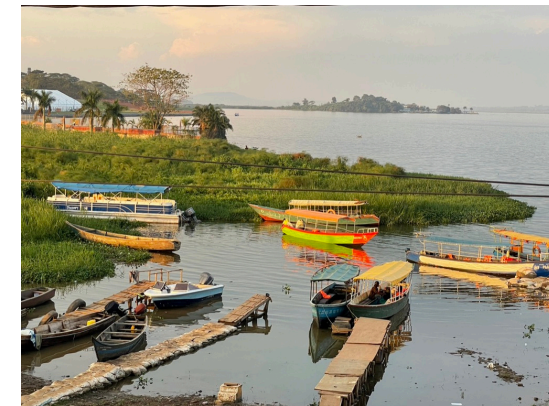

Your generous donations for this project have been designated, and we hope to move forward this year. More updates to come!

Lots of wildlife!

Our team enjoyed Murchinson Falls.

Lake Victoria was beautiful.

### 6. We made time for a safari and also dinner one evening at Lake Victoria.

We had an exciting adventure traveling to Murchinson Falls National Park. We spotted giraffes, elephants, antelopes, water buffalo, monkeys, and baboons from our van, then watched warthogs and a rare group of 10 white rhinos up close on a walking tour! It is also the site of Murchison Falls - easily one of the most breathtaking sites in the world!
